UTILIZATION AND DISPOSAL RECORD, RADIOACTIVE MATERIAL RECEIPT Radiation Safety Office

Tape Label or Isotope Description:						
Isotope:	Vendor:					
Compound	_					
Total Activity	()Ci Volume <u>ml</u>					
Lot Number						
Received on	_					

Instructions for User

- 1. Use one form for each item of the radioactive material ordered.
- 2. Keep these forms in a loose leaf binder available to all persons using radioactive material in the lab.
- Make an entry on the form each time a portion of the radioactive material is disposed of or used.
- Amount disposed should equal amount used(there may be exceptions, i.e., if labeled samples are kept for future work).
- GM survey/wipe must be done after usage according to policy and appropriate records maintained.
